

Q1. What will your science video be about?

Have you seen or read something online or on TV that you would like to learn more about?
Are you interested in a science or technology topic that others might like to learn about?
Do you have a hobby or favourite sport that could be explored? Science is everywhere!
Is there a question you would like to answer or a myth you would like to bust?

Q2. How will your science video look and sound?

Examples:

Live Action
Animated
Humorous
Serious
Demonstration

Interview
Performance
Science Song
Indoors
In the Garden/On the Farm

Q3. What do you need to make it happen?

Examples:

Storyboard
Camera (video camera/smartphone/tablet)
Microphone (be careful outdoors)

Props/Costumes
Royalty Free Music
Parental Consent

VIDEO STORYBOARD
